Subject: FOIA Request

Dear Ms. Seeger,

Please forward this FOIA request to your FOIA office.

After almost a quarter century, our TAG Grant has been discontinued although the pollution from HAFB is projected (by HAFB, UDEQ and EPA) to remain an active concern to our properties and the surrounding valley until some uncertain time in the 2040s. Please provide me with access all the documentation, generated by other than our Coalition, relating to the denial of our request for a two-year extension (as the South Weber Coalition).

Let me know if more information is needed to process this request.

Brent Poll
